

**From:** Nelson, Kent (kentn@uidaho.edu) <kentn@uidaho.edu>

**(This communication was sent to all families)**

All:

I am writing to update you further regarding the proposed demolition of the King Rd house. I have received further communication of concerns over demolition of the structure prior to conclusion of the criminal prosecution. As a result, out of an abundance of caution, I am sending a communication to prosecution and defense counsel in the criminal proceeding asking them to indicate whether either of the parties has an objection to demolition as planned by the University. If there is an objection by either, I will ask that the issue be brought to the presiding judge for a determination whether the university should be stayed from demolition and if so, whether the house should be placed back under the jurisdiction and protection of law enforcement.

I will continue to keep you informed as the matter unfolds.

Sincerely,

KENT E. NELSON

Acting General Counsel

Office of General Counsel
